EXPERIENCE

Amazon India, Bangalore

May 2021 - Present

- Managed the whole As-Is-POS stream as a full stack Developer.
- Created Payment Rollback system, which alerts the user about double debit payments.
- Updated Payments module from a shop based design to a config based design.
- Created a Mobile/Dashboard SSO where the customer can use the dashboard inside the POS App.
- Implemented on the Fly Item Update, where customers can add products if not present in catalog.
- Managing Android Vitals for POS app where we work on the stability/performance of our app.

Perpule 1Pay , Bangalore — Intern

April 2020 - February 2021

- Perpule Smart Shopee (Java/Spring Boot) - Created an Order Management System which helps the core modules to fetch data from dB
- Perpule ECommerce Plus (VueJS)- Worked on the Perpule based ecommerce website for multiple clients
- Perpule Mini Apps (Angular)- Worked on the integration of WebApps to Phonepe/Paytm Mini Apps
- Perpule Desktop Pos (Angular)-
 - Worked on the frontend module of the DPoS. Added a feature to enable the manager to authorize by card
 - Wrote a logic for currency rounding off for the app which has their own rounding off system
- Perpule Dashboard (Angular)-
 - Added various features such as Vendor Dashboard, SKU/Inventory Dashboard.
- Perpule Desktop Pos (Django)-
 - Designed various logic for cart management, db security management, api authentication, etc.

Python, PHP, MySQL, C, C++,
Django, HTML, CSS,
JavaScript, MongoDB, Java,
JSON, Laravel, Android,
Flask, ReactJS, React, SSH,
React-Native, Firebase,
Angular, SpringBoot, VueJS

CERTIFICATES

**Google Summer of Code
2018 (05/2018 – 08/2018)**
Contributed to the open
source project, OWASP
Foundation

**Google Code in (11/2016 –
01/2017)**
Contributed to the open
source project, Fossasia @
Google Code In 2016

Coding Ninja
Secured 14th Rank in
CodeLab

OPEN SOURCE CONTRIBUTIONS

**WordGame (12/2019 –
Present)**
A free online platform
powered by the
state-of-the-art dictionary
to practice vocabulary

OWASP, Google Summer of Code

April 2020 - September 2020

- Working on a new feature to create Bug Hunts
- Re-Designed the website and added multiple new features
- Re-Designed the backend's logic, models and added new features
- Created a wallet and integrated it with Stripe

Perpule 1Pay , Bangalore — Intern
